**Subject : Intern Experience Letter**

Dear Nitin Kishore,

We would like to take this opportunity to commend you on the successful completion of your project.

This letter certifies that you have completed your internship with IBM India Private Limited. This also confirms your employment in an intern capacity from **03-Jul-14** to **12-Dec-14** under the guidance of **Anjali Tibrewal**.

**Project Title:-** Enhancements for Portal Manager, Registration Portal and User Management Webapps.

**Project Details:-** MaaS360 is an enterprise mobility management (EMM) platform that enables IT to deliver end-to-end security and management through the implementation of several services like Mobile Device Management, Mobile Application Management, Mobile Content Management, Secure Mail, Secure Browser, Mobile Expense Management and Laptop Management. Thousands of large and small businesses, government agencies, and educational institutions worldwide trust MaaS360 to secure, monitor and manage their mobile assets. The reason for this trust and preference over other products stems primarily because of the secure ways adopted by MaaS360 in handling customer data and also its ability to analyze the market, anticipate, and deliver the much needed functionalities for customers in advance. The project is designed to enhance the functionality and User Interface of the applications Portal Manager and Registration portal. This project has several tasks. The first one deals with restricting the view of the UI to specific customers or admins and providing Access Control Settings for specific administrators. The second one deals limiting enrollment of devices. This is primarily to limit license costs which increase by enrolled devices and also limit devices which can have Corporate data.

With Best Wishes,

**For IBM India Private Limited**

Sincerely,

**Rohit K Vohra**
